LOCAL NOTES.

Silver is quoted at 65.

This is the proper time to use printer's ink with unsparring generosity.

The holidays will soon be here and the public invariably buys of the one who makes the greatest effort to sell.

The tail end of the cold wave swept over Tombstone early this morning and overcoats were in demand.

It was rather chilly but no frozen water pipes were reported.

Phoenix is to have a rural postoffice delivery, two men to make jaunt on horseback. The distance when laid out will be six miles square.

A. P. Frederick, inspector from Denver, is there to superintend and it is thought that by the first of December the system will be in working order.

The Phoenix Herald says: Date culture will in the future be one of the great industries of central Arizona if not the greatest. The date comes to fine size and excels its Asiatic progenitor in all its qualities and is an enormous bearer. A single date palm in this city produced 120 lbs. of dates this season.

Holland Herring, Limberger Cheese, and Sauer Kraut, at HOEFLER'S.

A cowboy named Furman, generally known by the name of Ducky, was arrested recently near Hechita charged with being an accessory to the crimes committed by the bandits. When arrested he had a horse packed with supplies which it is supposed he was taking to the robbers. He had on more than one occasion sent the officers on a wrong trail by giving false information.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Bricefield, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Druggists.

Chamber of Commerce Meeting.

There will be a special meeting of the Chamber of Commerce at the office of J. V. Vickers at 7 p. m., Dec. 1st to consider:

1st. Six years national presidential term instead of four.

2nd. Hon. Whitelaw Reid's editorial essay regarding Arizona, and the advisability of our issuing it to advertise our locality. Respectfully,

J. V. VICKERS, President.

AROUND THE WORLD.

Two Officers of the German Army Coming Here.

Baron Adde von Saak, a cavalry officer, and Baron Friedrich von Leverson, an infantry officer of the German service reached Albuquerque yesterday says the Democrat, and will continue their journey this morning to Forts in Arizona and thence to Los Angeles and San Francisco, where they sail for Berlin via Japan and Russia. They carry letters from General Wheaton and other prominent men. They are doing the globe on a wager and must reach their native land by April 1898.

They left Berlin April 2 and walked through Germany, Holland, England and through the United States. The object of the wager is to demonstrate the endurance of the German soldier and to give them an opportunity to study the American military system. The gentlemen are two months ahead of time and they will no doubt win the unique wager.

Mr. J. Harris returned today from Jackson, Amador county, California, where he has been engaged in mining. He states about 2000 men are employed about that famous mining camp, and the wage paid is \$2.50 per day. He finds his health better in this section and will try to remain here or at Pearce.

Whitelaw Reid has signed article in last Sunday's Tribune in which he gives Arizona a grand send off. He corrects the impression so prevalent in the east that the territory is a barren region, peopled by criminals and savages, and sets it forth in its true character as a land of public school and churches, good order and boundless resources.

The discovery of a vein of pure salt in Kanab, near Alhambra, is considered providential, says the Los Angeles Record, by those who fear that the incoming populist administration may be too fresh.

FROM DARKEST AFRICA.

An Interesting Letter from a Former Arizonan.

Mr. James Cassidy, a well known Arizona miner, writes a letter to the Journal-Miner from Bullawayo, Matabeland, South Africa, and among other things says:

"So far very high at present; the Budapest having killed all the transport cattle, and what provisions come in are transported by mules and donkeys. Donkeys are \$100 per head, and poor stock at that, mules in proportion; fair horses sell at six hundred dollars.

"There is not much chance for prospecting at present; grub is so high that men of limited means cannot afford to prospect for themselves. The mining law is framed according to Copp's Mining Code, with the exception of the assessment work; on each block of ten claims, amounting to fifteen hundred feet on the line of the ledge, you have to do sixty feet of sinking or drifting, whether it costs one hundred dollars or one thousand dollars, and, taking everything into consideration, a foot of sinking or drifting will cost at least ten dollars.

"The people only figure on two seasons—winter and summer—and our summer and rainy season will start in shortly, and, of course, there will be lots of fever, which nobody escapes. Even now the death rate is very high, principally from fever and dysentery. A coffin is quite a luxury. Lumber is very scarce, and when it is to be had it costs one dollar per foot. Dwellings and business houses are built of brick and corrugated iron roof, and the floors are also brick, but not at proof. You throw down your boots at night and in the morning, instead of finding your boots or pants, you find a pyramid of mud and white ants. Every article has to be propped on a pedestal in a solution of sheep dip or rat poison. However, it is the fortune of a frontier country, and this one is not unlike our western country, although it is better watered. Mashonsland is an exceptionally well watered country, and principally flowing through granite. The soil is light and I see no evidence of primitive rock near the surface. A greater portion of the plain is of sedimentary formation, except the ranges, which show slate, black porphyry, iron stone, and other elements that make up a mineral belt."

THE OLD GAME.

Confidence Men Fail to Make A Haul.

An effort was made a few days ago, to work a confidence game on one of our prominent business men which only failed because the aforesaid business man was wide awake and onto the game. It was the old game whereby a stranger accosted the business man on the street with the salutation, "Why, hello Sam how are you. It has been a long time since I saw you last. How have you been making it?" Sam did not know the stranger, but was informed that they had been great friends in the early days at Tombstone and it was all right. Several drinks and a fine supper paid for by the stranger led up to the introduction to a friend in a room at one of our prominent hotels where a quiet game of poker was indulged in with the understanding that Sam and his friend should pool the other other fell w's leg, and did so to the extent of \$15, which was divided between them and a day made for the following evening, when bigger stakes were to be played for. Sam was on to the game and failed to show up for the big game the following evening and the sharpers left town.—Herald.

Yesterday the new time card went into effect on the N. M. & A. railway, returning to the daily service, under which Sunday trains will be run and giving Tombstone mail on that day, which will be the restoration of a convenience which has been much missed. Trains will leave Nogales at 1 o'clock p. m., daily, reaching Benson at 7 p. m. Leave Benson at 6:30 a. m., arriving at Nogales at 12:40 p. m. Mixed trains will be run.

FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

JOHN L.

The Great Ex-Champion May Lose an Arm

The pitiable condition which the former champion, John L. Sullivan will be left in should he lose his arm, as it seems almost certain he will, has moved big-hearted sporting of the country as they have rarely been moved before. Sullivan is suffering from cancer on the right hand, and although he has had the best medical treatment in one of Boston's hospitals, the disease became so firmly seated and has developed so rapidly that it is about settled the ex-champion can only save his life by losing his arm.

A suit has been filed in the District court of Pima county entitled Leo Goldschmidt vs James Finley, Charles F. Schumacher and Z. T. Vail, constituting the Board of Supervisors of Pima county. The petitioner prays that a mandamus be issued to remove from office John S. Wood, Probate Judge of said county and also ex officio clerk of the Probate court. The petitioner makes affidavit to the effect that during the entire term of office held by Mr. Wood during the years of 1894 and 1895 he failed to file in the office of the board of supervisors a sworn statement of the fees, commissions and compensation earned by him and his deputies every quarter while he held office. On these grounds the petitioner asks for his removal. The case will be watched with much interest by the public.

SHERIFF'S SALE.

PUBLIC NOTICE IS HEREBY GIVEN, that under and by virtue of a special execution issued out of the District Court, of the First Judicial District of the Territory of Arizona, in and for the County of Cochise, on the 21st day of November, 1896, on a judgment thereon rendered on the 20th day of November, 1896, in favor of Paul B. Warnock, plaintiff, and against H. C. Hazlewood and Daniel Huddy, copartners under the firm name of "Hazlewood & Huddy," defendants, for the sum of two thousand and forty seven and 45-100 dollars, and one hundred and seventy-five 45-100 dollars, costs of suit, and accruing costs, by which I am commanded to sell all those certain lots, pieces and parcels of real estate, situated in the town of Pearce, county and territory aforesaid, and described as follows, to-wit:

Two lots in said town of Pearce, known as the store and lumber yard of said Hazlewood & Huddy, on the east side of Wilcox street and bounded on the north by the property of Henry Finch.

I will sell at public sale to the highest and best bidder for cash, currency of the United States, on the

16TH DAY OF DECEMBER, 1896,

at 1 o'clock p. m. of that day; at the right, title and interest which the said Hazlewood & Huddy had in and to the said above described real estate, on the 31st day of October, 1896, the day the attachment in said case was levied thereon.
